MACHINE TRANSLATION

Is Artificial Intelligence for translating texts to and from any language a utopia or a dystopia? [Request](#) an excerpt from Interlinguae's research study on the state of the art of AI and machine translation.

What is machine translation?
Find out [here](#)!

THANK YOU FOR YOUR SUPPORT.
WE LOOK FORWARD TO SEEING YOU IN THE NEW YEAR.

CHRISTMAS HOLIDAY CLOSURES: on 26th December and on 2nd January /
OFFICE HOURS FROM 22/12/23 TO 5/01/24: 09:00-12:30 (CET)

EVERY YEAR-END, WE REFLECT ON OUR ACHIEVEMENTS AND EVALUATE OUR RESULTS

From the satisfaction surveys we collected this year, this review from our Swiss client Syntegon especially caught our eye:

“We have been very satisfied customers of Interlinguae for many years. A few years ago, our umbrella organisation told us to switch to a competitor, which we were very unhappy with. It turned out that we were still able to use Interlinguae and benefit from their reliable and personalised service. For us, there is no better translation service provider. Our language combinations are: from German and English as source languages into Czech, Danish, Dutch, English, Finnish, French, German, Greek, Hebrew, Italian, Japanese, Norwegian, Polish, Portuguese-Brazilian, Russian, Slovak, Spanish and Swedish.

ORIGINAL TEXT IN GERMAN [HERE](#)”
